

Tailor-made Tours, Where Korea meets the World!!!

Cherry Blossom Tours was established in 2009 and the first tour was run in April 2010. Cherry Blossom Tours was set up with a dream of sharing this amazing country with the world. South Korea has so much to offer with a wealth of History and Culture to rival anywhere in the world.

South Korea offers antique markets and unique shopping experiences with markets which literally take days to discover. Korea is a shopper's paradise! Great prices can be found for shoes, clothes, handbags, suitcases, leather goods, silk, antiques, reproductions, and all kinds of souvenirs. You can easily find makers of custom-made clothes and shoes of varying quality. Although department stores and most shops have fixed prices for items, bargaining can usually get a lower price with street vendors and in the major open air markets. However, do not expect the same level of haggling conditions that exist in Thailand.

Korean cuisine is largely based on rice, noodles, tofu, vegetables, and meats. Traditional Korean meals are noted for the number of side dishes (banchan) that accompany steam-cooked short-grain rice. Kimchi, a fermented, spicy vegetable dish is usually served at every meal.

Korea has four seasons, with a wet monsoon/summer in the middle of the year, and a cold winter from November to March. The most amazing time to see the Cherry blossoms is in the first two weeks in April, our 9 day, 10 night tour is an ideal way to experience the beauty of this season.

We can also tailor make tours if you would prefer to see other sights not mentioned within our current tour options.
